

# Canadian EHS Legislative & Regulatory Alert

Get the legislative and regulatory information you or your clients need for operations north of the border with Bloomberg Environment's *Canadian EHS Legislative & Regulatory Alert*<sup>™</sup>. This convenient monitoring report allows you to track the progress of laws and regulations at the federal level and for all Canadian provincial and territorial governments.

The *Alert* makes it easy to stay up to date on proposed, interim, and final regulations; notices; hearings; and legislative changes. And drilling down to the information you need most is simple, with citations to the Canadian administrative codes, dates of register publication, hearing schedules, effective dates, comment deadlines, and names and telephone numbers of government contacts.

Best of all, you'll get succinct, plain-English summaries of often complex legislative and regulatory actions, helping you to make well-informed decisions and plan the best strategies for your company or clients.

## Special Features — Tailored to Your Needs!

- Receive alerts only for those topics and jurisdictions you require.
- Get monthly summaries delivered right to your desktop, with a full archive of back issues online.
- Link instantly to the full-text document from the original agency.

## Save Time. Save Money. Stay Compliant.

The *Canadian EHS Legislative & Regulatory Alert* is designed for the busy professional. Reduce your workload, simplify your research, spend fewer hours cross-checking sources, and trust that you'll know the latest federal, provincial, and territorial developments with this reliable resource.

## Major Topics Covered:

- Air
- Climate Change
- Compliance & Enforcement
- Energy
- Environmental Assessment
