EHS State & Federal Regulatory Alerts

Every business day, Bloomberg Environment's state and federal alerts provide a complete, up-to-date summary and overview of environment, health and safety rulemakings issued by all 50 states, the District of Columbia, and Puerto Rico in an easy-to-read format.

This timely notification service will ensure you are aware of proposed, interim, and final regulations, notices, and hearings as soon as they are announced. Alerts are published every business day on the web and include a customizable email update, providing you business-English, single-paragraph summaries of state and federal register documents.

Get notifications of critical EHS regulatory changes to oversee operations nationwide—every business day. Each concise summary in the Alerts can be viewed by topic, state, and date. Also included are citations to the administrative code, date of register publication, hearing schedules, effective dates, comment deadlines, names and telephone numbers of government contacts, and links to full text from registers.

Specialized Updates, Delivered to Your Inbox

ALABAMA
HAZARDOUS WASTE MANAGEMENT: Hazardous Waste Management System
Final rule of the Department of Environmental Management amends regulations under AAC 335-14-1 through -17-.09 (nonconsecutive) regarding hazardous waste management. The rule incorporates changes to ensure consistency with state and federal statutes, adopts certain state-specific requirements, and clarifies state requirements for the management of hazardous waste. The rule is effective April 3, 2012. Contact: James Bryant; DEM, Land Division; (334-271-7771)

CONNECTICUT
HAZARDOUS MATERIALS TRANSPORTATION: Motor Carrier Safety Standards
Proposed rule of the Department of Motor Vehicles amends regulations under RCSA 14-163b-2 regarding motor carrier safety. The rule clarifies the scope of the current standards and revises provisions to conform to the federal Motor Carrier Safety Improvement Act and state statute. Comments are due May 10, 2012. Contact: Michelle Givens; DMV, Bureau of Legal Services; (860-263-5130)

DELAWARE
WATER: Onsite Wastewater Treatment and Disposal Systems
Proposed rule of the Department of Natural Resources and Environmental Control, Division of Water Resources, amends regulations under 7 DEAC 7101 regarding the design, installation, and operation of onsite wastewater treatment and disposal systems. The rule incorporates spray irrigation requirements related to guidance and standards for the land treatment of wastes under 7 DEAC 7103. The rule also addresses large system site investigations, hydrogeological investigations, design considerations, and operation and
